Finite Mathematics

Homework 10

Due via Gradescope Sunday, May 17, 2020 at 20:00

Note: The assignments are from the CNX online textbook by Rupinder Sekhon. In each section, some problems have given solutions. You can treat them like the (*) problems on the previous homework sets to test your understanding and to practice.

1. Chapter 20, all unanswered questions from "Strictly determined games", including (b), (d), (f) from Problem 1.

2. Chapter 20, "Non-strictly determined games", Problem 1 (b) and (d).

3. Chapter 20, "Reduction by dominance", Problems 2 and 8.
